HOW PUBLIC IMPROVEMENT WILL HELP THE PEOPLE

CANDIDATES FOR PUBLIC OFFICE SHOULD LET THE PEOPLE KNOW WHERE THEY STAND ON PUBLIC AFFAIRS.

Editor Pensacola Journal:

That Pensacola is on the eve of a plunge into a prosperous era no clear thinking person can deny. The dawn of that era is only awaiting the decisive action of the people.

The issue of municipal bonds means much more than appears on first thought. The expenditure of \$200,000 for a complete, efficient, up-to-date water system means that hundreds of laborers will be given employment, thousands of dollars will daily go into circulation, reaching the merchant, groceryman, butcher, baker and every avenue of trade in our city. This will give a stimulus to all and will cause prosperity to a marked degree, and those who prosper will add their portion to building, buying, etc., thus adding to the general prosperity.

Not only will the city be blessed by the prosperity following this expenditure but the people will get water at a reasonable price. They can use plenty of water and grow flowers and lawns without working hardships on themselves. The poor will be enabled to get good water at a reasonable price instead of being driven to use water from any kind of an old well that might chance to be in the neighborhood. Less typhoid would be cultivated and fewer graves of untimely victims would appear. Then the revenue could be used to reduce taxation to the benefit of every resident of the city.

A like sum spent on sewerage would also produce like prosperous results, giving employment to the people, and the city would be far less liable to diseases and contagion.

Another like sum spent in paving streets would add its momentous share to the good times. These things would inaugurate an era of prosperity in a proper manner and people would come and buy and build, all of which would make more work and more prosperity.

Prosperity awaits us with open arms but we cannot get it with political rings organized to defeat the will of the people and bludgeoned by greed or inference to let arrogant corporations bleed the people. We want men who will stand up for the rights of the public, men who have ideas and are not afraid to have a platform and stand squarely upon it.

No man should be given a public trust blindly. He should make an honest statement of what he is in favor of doing and being done. If he favors a new water works let him say so. If he is opposed let him say so. If he favors public improvements let him say so. If he is in favor of making corporations live up to the terms of their contracts let him say so. Why should the people be asked to buy "a pig in a poke" and vote blindly for public officers? Are they like young birds—expected to swallow everything dropped into their mouths?

Next Tuesday the people will have the privilege of saying whether they want prosperity or not. It is not a question of primary or a question as to the regularity or irregularity of the primary, but a question of PROGRESS.

If the people want progress and prosperity let them vote in that direction.

CHAS. H. BLISS.

REAR ADMIRAL**DAVIS HERE**

AND WILL RAISE HIS FLAG ON

THE ALABAMA AS SECOND IN

COMMAND OF FLEET.

Rear Admiral C. H. Davis, whose

flag will be raised on the battleship

Alabama, arrived in the city from

Washington yesterday afternoon.

Admiral Davis will be in command of

the second division of the battleship

squadron.

THE WEATHER DURING APRIL

DATA COVERING A PERIOD OF TWENTY-FIVE YEARS IS MADE PUBLIC.

Observer Reed, of the local weather office, has just issued statistics of weather conditions prevailing during the month of April, covering a period of twenty-five years. This data, however, should not be construed as a forecast of what will occur during the coming month. It is as follows:

Temperature—Mean or normal temperature 67 degrees. The warmest month was that of 1882, with an average of 71 degrees. The coldest month was that of 1901, with an average of 63 degrees. The highest temperature was 92 degrees on April 29, 1887. The lowest temperature was 31 degrees on April 5, 1891. The earliest date on which first "killing" frost occurred in autumn, November 12th. Average date on which last "killing" frost occurred in autumn, December 5th. Average date on which last "killing" frost occurred in spring, February 23rd. The latest date on which last "killing" frost occurred in spring, April 6th.

Precipitation (rain or melted snow).—Average for the month, 3.07 inches. Average number of days with .01 of an inch or more, 6. The greatest monthly precipitation was 7.45 inches in 1901. The least monthly precipitation was 1.0 inches in 1903. The greatest amount of precipitation recorded in any 24 consecutive hours was 3.50 inches on April 12-13, 1901. The greatest amount of snowfall recorded in any 24 consecutive hours (record extending to winter of 1884-85 only) was 6 inches on —.

Clouds and Weather.—Average number of clear days, 12; partly cloudy days, 11; cloudy days, 6. Wind.—The prevailing winds have been from the southwest. The average hourly velocity of the wind is 10.2. The highest velocity of the wind was 57 miles from the west on April 20th, 1893.

New York Cotton.—The cotton market opened quiet and steady at unchanged prices, in spite of rather disappointing cables, good weather and larger receipts advanced to a net gain of about 6 to 8 points, or about the highest point of yesterday on bull report, and continued uneasiness among nearby shorts. Trading was quiet at first, but became more active on the upward movement, with wire houses good buyers of late positions.

New York, March 31.—The cotton market opened quiet and steady at unchanged prices, in spite of rather disappointing cables, good weather and larger receipts advanced to a net gain of about 6 to 8 points, or about the highest point of yesterday on bull report, and continued uneasiness among nearby shorts. Trading was quiet at first, but became more active on the upward movement, with wire houses good buyers of late positions.

WHITING CLUB HELD MEETING

AND APPOINTED COMMITTEES TO CONDUCT CAMPAIGN OF THE CANDIDATE.

The John Cary Whiting Club held a meeting last night which was largely attended by the friends of Mr. Whiting.

Several committees were appointed to take charge of the details of the campaign and the vote which will be gotten out by the young men who are espousing Mr. Whiting's cause will prove an "eye opener" to the game of politics.

Serious Stomach Trouble Cured. I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—Mrs. T. V. Williams, Laingsburg, Mich. For sale by all druggists.

NOTICE.

All candidates should see me before having their cards tacked, also to get estimates on large posters for the billboards.
